Email: drugfree@frontier.com

County Commissioners: Jerry Hounshel, President
Address: Jackson County Courthouse
City: Brownstown, In 47220

County Auditor: Kathy Hohnstreiter

Plan Summary

Mission Statement: The mission of the Jackson County Drug-Free Council, Inc. is the prevention and reduction of substance abuse throughout the county, both youth and adults.

History:

The Jackson County Drug-Free Council, Inc. (JCDFC) was officially created in 1991 by Indiana statute in association with the Governor's Council for a Drug-Free Indiana. We coordinate community resources, projects and services surrounding ATOD issues; assess community needs and develop plans and projects to address those needs; increase community awareness of ATOD issues and problems facing our county; and advise the Indiana Criminal Justice Institute on actions needed and the progress we have made in this county.

Jackson County, Indiana is located in south-central Indiana within ninety miles of two major drug trafficking centers: Indianapolis, Indiana and Louisville, Kentucky, and are linked by I-65 which transverses our county. State Highway 50, reaching coast to coast, runs directly through Jackson County.

The total population of Jackson County increased from 2010 by 2.6% in 2013 to 43,466, and to 43,705 in 2014. Median household income in 2012 increased to \$46,573 and to \$49,614 in 2013, decreasing the poverty rate to 12.9%. Per Capita Income rate is ranked 45 of 92 counties, at \$36,200, using 2013 data. Unemployment rate in 2013 was 6.5% in Jackson County, which further decreased to 5.1% in 2014, and significantly reduced from 10.5% in 2010. Unemployment rate as of April 2015 has decreased to its lowest level in nearly 8 years to an estimated rate of 3.8% according to the Indiana Dept. of Workforce Development. Children under age 18 in poverty decreased from 20.0% in 2011 to 18.1% in 2012, and 17.8% in 2013. Public high school graduate rates have remained steady in Jackson County at 95% in 2013 and 94.9% in 2014. Health Rankings for 2014 identified Jackson County in the 60th percentile for Indiana. Protective factors include 40 churches, 8 youth serving agencies, 14 public schools, 11 non-public schools, and 4 libraries in Jackson County.

Summary of the Comprehensive Community Plan:

The Jackson County Drug-Free Council, Inc. is a non-profit referral and resource organization made up of volunteer community members who annually update a Community Comprehensive Plan identifying problems related to substance abuse and addiction in Jackson County.

The volunteers of the LCC continue to supervise the contracted part-time coalition director since January of 2011 to assist with the duties of operation and outreach coordination. Utilization of volunteers and existing community resources has become essential. The coalition director has continued to assist our coalition to stay on task and

make progress toward our goals and objectives. The coalition director maintains contact to engage youth through existing school and community organizations to enhance efforts to reduce substance abuse and increase youth awareness. Youth participation continues to be challenging, though efforts have been made to reach out to youth in their planned events with collaboration of LCC member partnerships, such as Red Ribbon Week, Soapbox Derbies, local library displays, and SPD sponsored “Rules of the Road” events targeting youth. The council also participates in local health fairs, and was invited to participate in the 2014 National Night Out sponsored by Jamestown Apartments. This has helped expand community awareness of the council and promote a positive drug-free image in our community. Our LCC and partners also prepared and participated in National Drug Facts Week, promoting it at libraries, on Facebook, and events at Seymour High School.

Schneck Medical Center initiated a “Call to Action” gathering to the professional community to address a significant increase in the number of addicted mothers and babies coming to the hospital. Jackson County Drug-Free Council members participate and this has initiated dialog that has long been absent in our community, bringing together hospital staff, law enforcement, key judicial personnel, legislators, treatment providers, media, and concerned citizens. Focus on the Neonatal Abstinence Syndrome is now included in our Comprehensive Community Plan.

Barriers:

With changes in software programs used by several reporting agencies during 2015, and the change to ICD-10 diagnosis codes in October of 2015, several agencies have had difficulty extracting comparable data for the entire 2015 year. Therefore, some problem statement data appears incomplete. Most of the agencies are making a concerted effort to avoid the same data collection problems for 2016.

Community Drug Fund Oversight Procedures:

The JCDFC, as the steward of the Community Drug Fund, serves as the local link of state and local government to collect and share local data concerning alcohol and other drugs and the effectiveness of state supported programs and services. JCDFC provides an annual Comprehensive Community Plan to the state commission, and upon its approval, the Plan and grant allocations are presented to the County Commissioners and County Council recommending worthy projects and programs for funding through the local Drug-Free Community Fund. This fund is established through assessed fees from alcohol/drug convictions in Jackson County, as mandated by state law.

Grants are available to the public, including various organizations, schools, law enforcement, treatment facilities and community projects or programs. Applicants must address the issues of alcohol/drug education and prevention, treatment/intervention or justice/law enforcement, seeking to reduce substance abuse problems in our county addressed in the Comprehensive Community Plan. The grants are advertised in early spring, with applications due in early April of each year. The grant process is overseen by

the JCDFC Board Members and Grant Oversight Committee comprised of three active board members, and two representatives from the community. Applications are reviewed, and each applicant may appear before the committee for the interview process and a brief question and answer session as needed. The JCDFC requires written semi-annual reports from each grantee after funding is disbursed, and each grantee is required to attend council meetings, and be actively involved with the workings of the Council. Grant recipients provide a brief presentation at the beginning of each year to the JCDFC members and guests.

Membership List

County LCC Name: Jackson County Drug-Free Council, Inc.

#	Name	Organization	Race	Gender	Category

Problem Identification

A. Problem Statement #1: Youth and adults are misusing and abusing alcohol in Jackson County.

B. Supportive Data: Initial data collected for calendar year 2013.

Prevention/Education:

1. Jackson County Coroner report:

	<u>2013</u>
Total deaths	48
Alcohol related Overdose deaths	01
Age(s) of Alcohol deaths	43
Males	01
Females	00

2. Seymour High School had 687 students enrolled in the random drug testing program with 120 students tested during 2013-2014 school year. No positive alcohol tests were reported.

3. 13 of 19 adolescents referred to prevention/educational program, with their parent(s), participated in basic alcohol/drug education class as a result of use or possession of alcohol. Three year comparison:

<u>Reason for referral</u>	<u>2013</u>
Alcohol-related incidents	13

4. Jackson Co. Juvenile Home housed 17 boys during 2013, 9 received basic alcohol/drug education. and 6 we identified as having or being at risk for having substance abuse issues and received additional counseling & AA meetings. This is an increase of 2 above the prior year.

5. Jackson Co. Alcohol & Drug Court Services evaluated 249 cases referred for alcohol convictions. Overall, 206 of 524 alcohol/drug cases were referred to educational programs.

Treatment/Intervention:

1. Alcohol & Drug Court Services evaluations & referrals for intervention:

<u>Reason for referral</u>	<u>2013</u>
DWI/OWI	157
Illegal consumption	55
Public intoxication	37

2. 145 adults were referred to treatment in 2013, compared to 142 in 2012. 12 were referred out of county by Jackson County Alcohol & Drug Court Services in 2013. 245 cases involved alcohol-related convictions.

3. Polarity Counseling provided a pilot program, Alternatives Youth Diversion Program to 220 youth detained in Jackson Co. Juvenile Detention Center in 2013. Polarity Counseling reported 4 of 6 patients in outpatient treatment with primary diagnosis of alcohol abuse or dependence (66%).

4. Anchor House homeless shelter served:

	<u>2013</u>
Families	29
Children	50

Turned away families (no room) 118
 Evicted for alcohol use 00

5. Centerstone provided treatment services to 488 patients in Jackson County in 2013 with 136 diagnosed with alcohol abuse or dependence, a decrease of 3% from the previous year's rate.

Adults: 130
 Juveniles: 06

6. Schneck Medical Center reported 8 admissions to Emergency Department for alcohol abuse in 2013, along with 51 cases involving alcohol as a chief complaint, with 5% of ICU admissions due to alcohol overdose. (1st yr. rept.)

Justice/Law Enforcement:

1. Jackson County Probation referrals for evaluation of minors:

	<u>2013</u>
Illegal consumption /possession	46
Public intoxication	01
Operating a vehicle while intoxicated	01

2. Jackson County Sheriff's Dept. 2013 report:

Statute Description	Code	2013
BAC .10% or greater	9-30-5-1	142
Contributing to Minor	35-46-1-8	12
DUI/Refusal	9-11-4-7	07
False ID/Lic. Application	9-1-47-5	01
Minor-Consumption	7.1-5-7-7 (2)	51
Minor-Illegal Poss.	7.1-5-7-7 (1)	36
Minor Transporting Alcohol	7.1-5-7-7 (3)	01
Operating Vehicle Intox/Injury	9-30-5-4	01
Operating Vehicle Intox/Death	9-30-5-5	03
Operating Vehicle Intox/Prior	9-30-5-3	23
Operating Vehicle While Intox.	9-30-5-2	197
OUI-Refusal	9-11-4-3	01
Public Intoxication	7.1-5-1-3	79
Sale of Alcohol to a Minor	7.1-5-7-8	01
Visiting a common nuisance	35-48-4-13 (A)	16
	TOTAL	571

3. Seymour Police Department reported arrests: 2013

Minor-Illegal Possession of Alcohol	39
Public Intoxication	12
<u>Reported "been drinking"</u>	125
<u>Reported "intoxicated"</u>	303
<u>Reported "possible drug/alcohol involvement"</u>	457
<u>Denied drug/alcohol involvement</u>	744

4. Jackson County Juvenile Detention reported: 2013

Alcohol-related incarcerations	37
--------------------------------	----

5. Indiana State Excise and Jackson Co. Sheriff’s Dept. officers arrested and issued citations to 27 people during the annual tractor-and-truck pull in Tampico in 2013, an ongoing problem area for alcohol abuse by adults and minors in Jackson Co.

6. Jackson Jennings Community Corrections reported 26% of 549 cases were due to alcohol in 2013, increased from 19% in 2012. Change in prosecutor & Judge shifted from incarceration to Community Corrections.

7. Tampico Tractor Pulls provide a common place for underage and unsupervised drinking resulting in undercover ISEP & local officers ticketing patrons.

**End of Year 1 Update:
2014**

Prevention/Education: General Information (2014)

1. Jackson County Coroner reported:

	<u>2013</u>	<u>2014</u>
Total deaths	48	84
Alcohol related Overdose deaths	01	01
Age(s) of Alcohol deaths	43	61
Males	01	00
Females	00	01

2. Seymour High School drug testing

	<u>2013-14</u>	<u>2014-15</u>
Enrollment	1207	1273
Consented to testing	687	680
Tested	120	100
Positive results	0	0

3. 15 of 23 adolescents referred to prevention/educational program, with their parent(s), participated in basic alcohol/drug education class as a result of use or possession of alcohol.

<u>Reason for referral</u>	<u>2013</u>	<u>2014</u>
Alcohol-related incidents	13	15

4. Jackson County Juvenile Home

	<u>2013</u>	<u>2014</u>
Male residents	17	15
Received alcohol/drug education	09	00
At Risk or alcohol abuser	06	03

The boys in 2014 were all assessed and included in the general prevention/education programming at the facility. The 3 identified had significant known drug abuse and were taken to AA meetings.

5. Jackson Co. Alcohol & Drug Court Services evaluated 447 cases in 2014

	<u>2013</u>	<u>2014</u>
Evaluated alcohol convictions	249	197
Referred to <u>educational</u> programs	206	179

Treatment/Intervention: General Information (2014)

1. Alcohol & Drug Court Services evaluations & referrals for intervention/treatment:

<u>Reason for referral</u>	<u>2013</u>	<u>2014</u>
OVWI - alcohol	157	151
Illegal consumption	55	32
Minor Possession – alcohol	08	06
Public intoxication	37	30
Referrals to <u>Treatment</u>	145	143

2. Polarity Counseling continued the Alternatives Youth Diversion Program to 218 youth detained in Jackson Co. Juvenile Detention Center in 2014. 19% of youth incarcerated were due to drug/alcohol-related crimes. 45 group sessions were conducted from July-Dec. 2014, with 90% reporting use of tobacco along with alcohol and drug use. Youth consistently reported drug use with family members and several each group reported a history of IV drug use.

3. Centerstone reported treatment services (at least 1 encounter) with 453 Jackson County clients with a substance abuse diagnosis. 146 had an alcohol-related diagnosis. This is a 5% increase over 2013 rates.

4. Schneck Medical Center reported treating 31 of 682 pregnancies involving substance abuse during pregnancy (4%). 17 infants were diagnosed with Neonatal Abstinence Syndrome (NAS), 6 required treatment for withdrawal. 72 meconium drug screens collected with 32 testing positive.

5. Turning Point Domestic Violence reported 2 active cases of alcohol abuse in shelter during 2014 compared to no alcohol abuse cases identified in 2013. There was a marked increase in their efforts to identify and address substance abuse during 2014.

Justice/Law Enforcement: General Information (2014)

1. Jackson County Probation referrals for evaluation of minors:

	<u>2013</u>	<u>2014</u>
Illegal consumption /possession	46	37
Public intoxication	01	01
Operating a vehicle while intoxicated	01	01
Operating a veh. with ACE .02 but less than .08	--	01

2. Jackson County Sheriff's Dept. report:

<u>Statute Description</u>	<u>Code</u>	<u>2013</u>	<u>2014</u>
----------------------------	-------------	-------------	-------------

BAC .08% to .14%	9-30-5-1	142	101
BAC .15% or greater	9-30-5-1(b)	incl.	39
Contributing to Minor	35-46-1-8	12	11
DUI/Refusal	9-11-4-7	07	03
Minor-Consumption	7.1-5-7-7 (2)	51	36

2. Student random drug testing:

	<u>2013-14</u>	<u>2014-15</u>	<u>2015-16</u>
Seymour High School			
Enrollment	1207	1273	1349
Consented to testing	687	680	640
Tested	120	100	100
Positive alcohol results	00	00	00
Brownstown High School			
Enrollment	--	--	569
Testing pool	00	00	435 (76%)
Tested			140
Positive alcohol results			00
Brownstown Middle School			
Enrollment	--	--	382
Testing pool	00	00	341 (89%)
Tested			60
Positive alcohol results			00

Brownstown High School reported 25 disciplinary actions for alcohol/drug violations last school year prior to implementation of random drug testing, and 10 violations during 2015-16.

Brownstown Middle School reported 2 disciplinary actions for alcohol/drug violations last school year prior to implementation of random drug testing, and zero violations during 2015-16.

3. 9 of 30 adolescents referred to prevention/educational programs, with their parent(s) participated in basic alcohol/drug education class as a result of use or possession of alcohol.

<u>Reason for referral:</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>
Alcohol-related incidents	13	15	09
Percentage of referrals	76%	65%	30%

4. Jackson County Juvenile Home	<u>2013</u>	<u>2014</u>	<u>2015</u>
Male residents	17	15	19
Received alcohol/drug education	09	00	06
At Risk or alcohol abuser	06	03	04

5. Jackson Co. Alcohol & Drug Court Services evaluated 447 cases in 2014. In 2015 Odyssey reporting system was changed, eliminating this type of breakdown for our reports. The only information they could provide is 234 alcohol-related referrals.

Treatment/Intervention:

1. Alcohol & Drug Court Services evaluations & referrals for treatment:

In 2015 Odyssey reporting system was changed, eliminating this type of breakdown for our reports. The only information they could provide is 234 alcohol-related referrals.

2. Polarity Counseling continued the Alternatives Youth Diversion Program. 280 youth were detained in Jackson Co. Juvenile Detention Center in 2015. 23% of youth incarcerated were due to drug/alcohol-related crimes (increase of 4% from prior year). 40 group sessions were conducted from July-Dec. 2015 due to decreased funding. Youth consistently reported alcohol/drug use with family members.

3. Centerstone reported for 2/3 of the 2015 year due to software changes. 9 adolescents were served, but none had alcohol-related diagnosis. 364 adults were served, including 66 for alcohol dependence and 31 for alcohol abuse.

4. Christopher & Associates started an IOP 9/1/15, serving 97 pts through 5/15/16:

Alcohol use disorder, Mild	02
Alcohol use disorder, Moderate to Severe	23
Unspecified alcohol-related disorder	01

5. Schneck Medical Center reported treating 50 cases in the Emergency Department for acute alcohol intoxication in 2015. ICU reported 6 cases admitted to their unit for alcohol-related diagnosis.

6. Turning Point Domestic Violence reported 69 adults received services in 2015, each of which receive screening with motivational interviewing and discussion regarding substance abuse during the intake process.

Justice/Law Enforcement:

1. Jackson County Probation referrals for evaluation of minors:

	<u>2013</u>	<u>2014</u>	<u>2015</u>
Illegal consumption /possession	46	37	29
Public intoxication	01	01	01
Operating a vehicle while intoxicated	01	01	01
Operating vehicle with ACE .02 but less than .08	--	01	00
Total	48	40	31

2. Jackson County Sheriff's Dept. report:

<u>Statute Description</u>	<u>Code</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>
BAC .08% to .14%	9-30-5-1	142	101	18
BAC .15% or greater	9-30-5-1(b)	incl.	39	16
Contributing to Minor	35-46-1-8	12	11	02
DUI/Refusal	9-11-4-7	07	03	01

BAC .15% or greater	--	--	03
Operating Vehicle While Intoxicated	--	--	09

- 4. Jackson County Juvenile Detention reported:**
- | | <u>2013</u> | <u>2014</u> | <u>2015</u> |
|--------------------------------|-------------|-------------|-------------|
| Alcohol-related incarcerations | 37 | 28 | 26 |

5. Tampico Tractor Pulls were rained out in 2015, so the event was cancelled. This is an ongoing problem area for alcohol abuse by adults and minors in Jackson Co. Indiana State Excise and Jackson Co. Sheriff's Dept. officers issued citations to 28 people, including 7 who were arrested and taken to jail during the annual truck and tractor pull at Tampico in 2014. This was 1 more citation than in 2013.

6. Jackson Jennings Community Corrections:

	<u>2013</u>	<u>2014</u>	<u>2015</u>
Total cases	549	486	236
Alcohol related offenses	145	66	30
Percentage of total	26%	13%	12.7%

**Final Update (end of Year 3):
2016**

- Prevention/Education:**
- Treatment/Intervention:**
- Justice/Law Enforcement:**

C. Goals:

1. Increase participation in education & treatment services by 10% in 2016.
2. Identify existing agencies willing to include alcohol education or treatment component with their services by 10% by 2016.
3. Increase percentage of adults & youth arrested for violating alcohol-related laws by 5% 2016.

**End of Year 1 Annual Benchmarks:
2014**

1. Girls, Inc. expanded services of Friendly PEERsuasion programming, supported with funding from Jackson Co. Community Drug Funding, to 550 *fifth grade health class students, including parochial schools and the sixth grade center. Polarity Counseling has expanded alcohol/drug education programming in the Juvenile Detention Center to 3 days per week, supported with funding from Community Drug Funds. Centerstone has added an addiction therapist and plans to expand chemical dependency programs to include a women's program or women's group. They provide individual treatment to those who cannot attend groups.
2. Turning Point has initiated a Safe Dates program in Seymour, Brownstown, and Crothersville Middle and High Schools which includes substance abuse education. They also distribute materials at local health fairs, and provide SASSI's for clients. Schneck Medical Center has implemented SBIRT in the Emergency Department and expanded Mental Health and Wellness Programs with the addition of Drug Addiction Counselors hired. Jackson Co. Health Dept. provides presentations on health issues to groups and schools addressing tobacco use as a gateway drug to alcohol & other drug use. Director of Mental Health America has joined our LCC and distributed information on substance abuse at health fairs and National Drug Facts Week (NDFW), and writes a column on substance abuse for local newspapers. ISEP officer (LCC member) distributes alcohol & tobacco educational materials at their booth at the State Fair annually.
3. Alcohol-related arrests have decreased in 2014 by 10% - 20% as reported by various agencies in this document. Law enforcement officers report changes effective 7/1/14 have altered enforcement on alcohol-related offenses. This trend is expected to continue. New technology utilizing video systems installed at the Jackson County Jail saves the county money, makes the local judicial system more efficient in moving cases along, and provides better safety and security to the public.

**End of Year 2 Annual Benchmarks:
2015**

1. Christopher & Associates initiated expansion of mental health services to add Intensive Outpatient Program for addictions in 2015 with the assistance of grant funding through our LCC. Classes started in fall of 2015, serving 97 adults & minors since September 2015. United Way of Jackson County partnered with Christopher & Associates as the recipient of the Work2Gether grant from Indiana

Association of United Ways in May of 2016 to support IOP treatment, covering 70% of treatment fees. Girls, Inc. continued to provide Friendly PEERsuasion to 8th grade students. *Last year was 8th grade students also, not 5th grade. Polarity Counseling continued to provide psychoeducational intervention services to youth admitting to substance abuse as well as youth not reporting drug/alcohol use. Centerstone provided addiction services to 364 Jackson County residents through September of 2015, and were unable to report the final year totals due to software changes.

2. Turning Point Domestic Violence has continued to expand services which include substance abuse education/awareness into local schools. Schneck Medical Center hired an addiction counselor and expanded outpatient services for addiction treatment serving 31 patients from 7/1/15 to 12/31/15. This included expansion of OB addictions with 6% of time spent just in this area alone, and 18% on other addiction services. They report a rise in overall requests for addiction services. SMC was also instrumental in implementing use of Narcan by police & sheriff officers in Jackson County. Jackson/Jennings Community Service expanded services to include programming that addresses substance abuse. Indiana Health Rankings report Jackson County has 1,358 patients to 1 Mental Health provider, nearly double the number of patients compared to Indiana as a whole.

3. Alcohol-related arrests decreased by 57% in 2015 in Jackson County according to reports from police, sheriff, probation, community corrections, and Juvenile Detention. Alcohol-Impaired driving deaths are listed at 14% for Jackson County compared to 26% state-wide by Indiana Health Rankings.

**Final Report (end of Year 3):
2016**

- 1.
- 2.
- 3.

D. Objectives:

Prevention/Education:

Support community agencies and initiatives that address alcohol abuse through the utilization of evidence-based programs and materials; continue to support and expand existing programs; and promote public awareness.

1. Support primary & secondary grade education programs that provide substance abuse awareness components in their curriculum.
2. Distribute educational materials regarding risks of underage and high risk drinking.
3. Participate in local health fairs and community events to increase awareness of alcohol abuse and promote LCC participation.
4. Host community forums and seminars to educate professionals and general public and provide resources for them.

5. Encourage Hispanic community representation in LCC partnerships to provide educational materials to underserved populations.

Treatment/Intervention:

Support community initiatives that reduce the abuse of alcohol through existing and new programs, such as:

1. Support education/intervention and treatment programs for poverty-level residents.
2. Support initiatives geared toward discouraging adult acceptance and/or encouragement of underage drinking.
3. Support community efforts in prevention/intervention/treatment.

Law Enforcement/Justice:

Support community initiatives that reduce the abuse of alcohol through existing and new programs.

1. Support efforts to reduce availability of alcohol to minors.
2. Support local services to educate individuals convicted of alcohol offenses on low-risk drinking and abstinence.
3. Support law enforcement efforts in special patrols and educational programs for youth and adults.

**End of Year 1 Update:
2014****Prevention/Education:**

Jackson County Drug-Free Council participated in National Night Out 8/5/14 hosted by Jamestown Apartments, distributing educational materials to apartment residents and their friends. Local media assisted by publicizing the event and our purpose in educating the public. We also hosted a Lunch & Learn Discussion Panel with Bloomington Meadows 10/21/14 to educate the public on current trends, interventions, and treatment options. During National Drug Facts Week we provided educational materials to all 4 public libraries in Jackson County for their displays and participated in a display at Seymour High School's basketball game 1/30/15. We have developed a health observance calendar to promote national awareness campaigns within Jackson County. Educational materials in Spanish have been distributed at each event and supplied to Community Health Center of Seymour which has a high Hispanic clientele. Schneck Medical Center continues to host quarterly Call to Action Meetings for the community to come together to address key alcohol/drug issues. Seymour 6th Grade Center held Red Ribbon Week Celebrations, as did most of our county's elementary schools, providing daily announcements, posters, and contests for students. They include alcohol/drug abuse education in all health classes, and discuss local substance abuse news issues such as overdoses, deaths, and HIV/AIDS outbreaks. Seymour High School events included a reenactment of an impaired driving accident, health class substance abuse education, and random drug testing policy. Girls, Inc. participated in NDFW with educational events at their facility. Their staff meets with and mentors teens on a daily basis, often addressing substance abuse issues within family or circle of

friends. Girls, Inc. director participated in a national project to evaluate their substance abuse program. Brownstown Police Dept. provides annual 10 week DARE program to Brownstown 5th graders, as well as a 1 day DARE program to 1st graders and drug presentation to high school students upon request. They distribute alcohol/drug educational materials annually at the county fair and festivals, as well as clubs/groups, and churches.

Treatment/Intervention:

Community Drug Funds support treatment services through Centerstone for indigent adult clients in treatment and Polarity Counseling for incarcerated youth with alcohol/drug abuse needs. It also provides funding for FLEX DUI and PRIME for Life intervention programs that discourages youthful alcohol use and adult misuse of alcohol. Our LCC has been supportive of Brownstown & Seymour Police Depts.' D.A.R.E. activities and efforts to provide positive role models and alcohol/drug abuse education to our youth by providing prizes for special events and hosting a booth at the annual Soapbox Derby to distribute educational materials to youth and their parents. D.A.R.E. officers have also provided extensive presentations at Call to Action meetings to educate community leaders on their program and messages to youth. Seymour Police Dept. conducted "Rules of the Road" in October 2014.

Law Enforcement/Justice:

Funding through our Community Drug Fund continues to support education and treatment services of residents placed on probation and referred to PRIME for Life or FLEX Module programs through Jackson County Alcohol & Drug Court Services. Funding is also provided to support the Jackson County Drug Task Force in their focus on drug trafficking in Jackson County. Seymour PD has participated in several Operation Pull Over Blitzes looking for impaired/aggressive drivers. SPD also provided drunk goggles to the Seymour After Prom Committee this spring where they allowed student to drive a course on tricycles.

**End of Year 2 Update:
2015****Prevention/Education:**

Secondary education programs are supported by funding Girls, Inc. and Turning Point to provide additional services to Middle School and High School students. D.A.R.E. programs for Elementary students are encouraged and supported by our LCC and we participate in their soapbox derby event each fall. 534 students participated in D.A.R.E. education, including 50 high school student role models. Materials addressing risks for underage and high risk drinking are distributed at National Night Out hosted by Jamestown Apartments, Soapbox Derby, Schneck Medical Center's Live Well Expo, and multiple events/displays at Seymour Public Library. Spanish materials have been distributed at these events to encourage Hispanic community members to utilize resources available. Collaboration has begun with our LCC and Jackson County Learning Center's students to share their encouragement to younger students to avoid alcohol abuse. Community forums have continued through our participation in Call to Action meetings at Schneck

Medical Center, though this will be transferred to Jackson County Safety Committee in 2016.

Treatment/Intervention:

This LCC continues to support programs that serve poverty-level residents, including funding for intervention/treatment at Juvenile Detention Center utilizing Alternatives for Youth Diversion Program, services at Centerstone, and expansion of services to include IOP at Christopher & Associates, and education through Jackson County Alcohol & Drug Court Services’ program. Each of these service providers addresses discouragement of adult acceptance of underage drinking as part of their curriculum.

Law Enforcement/Justice:

Prime for Life and Flex DUI Module programs continue to be supported with partial funding through this LCC utilizing Community Drug Funds. Jackson County Drug Task Force also receives partial funding to conduct narcotic investigations as they focus on drug trafficking in Jackson County. JCDFC continues to support D.A.R.E. events such as Soapbox Derby to encourage drug-free family events.

Final Update (end of Year 3): 2016

Prevention/Education:

Treatment/Intervention:

Law Enforcement/Justice:

A. Problem Statement #2: Abuse of controlled substances is adversely affecting youth and adults in Jackson County, including misuse/abuse of illegal drugs and medications.

B. Supportive Data:

Prevention/Education:

- Jackson County Coroner report showed an increase in overdose cases that included controlled substances:

	<u>2013</u>
Total deaths	48
Controlled substance related Overdose	07
Percentage due to overdose	14%
Overdose deaths with Cannabis use	00
Age range of overdose cases	21-62
Males	04
Females	03

Overall overdose percentage has declined from 23% in 2010 to 14% in 2013.

2. 1 of 17 adolescents, with their parent(s), participated in basic alcohol/drug education class as a result of use of cannabis or controlled substances.

	<u>2013</u>
Controlled substance incident by minor	01
Cannabis-related incident by minor	05

3. Seymour High School randomly selected consenting students for drug testing.

	<u>2013</u>
Total tested	120
Controlled substances	00
Cannabis	06 (5%)

4. Dept. of Child Services reports 80% of the 1,771 total reports filed involved drug abuse by the parents/caregivers. 284 cases were substantiated in 2013.

5. Anchor House homeless shelter served:	<u>2013</u>
Families	29
Children	50
Turned away families (no room)	118
Evicted for drug use	02

Treatment/Intervention:

1. Centerstone provided services to 488 patients in Jackson County in 2013.

Cannabis abuse/dependence	124 total	103 adults	6 juveniles
Opioid abuse/dependence	87 total	85 adults	2 juveniles
Amphetamine abuse/dep.	90 total	88 adults	2 juveniles
Polysubstance dependence	37 total	37 adults	2 juveniles
Other substances	15 total	15 adults	0 juveniles

2. Turning Point Domestic Violence reported 99 families served in Community Outreach, with 9 adults and 15 children served in shelter during 2013. 87 attended the prevention presentation. No reports of active substance abuse in shelter.

3. Jackson County Alcohol & Drug Court Service evaluations:

	<u>2013</u>
Cannabis	124 cases
controlled substances	39 cases

4. Jackson County Juvenile Detention Center contracted with Polarity Counseling for alcohol/drug education.

Cannabis use reported	80%
Controlled substance use	22%

5. Schneck Medical Center reported 54 cases in Emergency Department as a result of drug abuse or dependence in 2013 compared to 32 cases reported in 2012. Chief complaint: 111 cases were overdose, and 41 cases drugs, with 8% resulting in Intensive Care admissions. They also reported new tracking of Neonatal

Abstinence Syndrome with 9 of 21 Meconium drug screens collected being positive in 4th quarter of 2013, out of 205 births.

- 6. Jackson County Dept. of Child Services reported 174 of 789 samples collected were positive for THC (19%) in 2013.

Law Enforcement/Justice:

1. Juveniles referred to probation	<u>2013</u>
Possession of marijuana	20
Possession of paraphernalia	07
Possession of Controlled Substance	01
Possession of Methamphetamine	01
Unlawful use or poss. of Legend Drug	--
Visiting a common nuisance	--
Maintaining a common nuisance	--
TOTAL	29

2. Adult arrests related to controlled substances by Jackson Co. Sheriff's Dept.:

<u>Statute Description</u>	<u>Code</u>	<u>2013</u>
Dealing in Marijuana/Hashish	35-48-4-10	13
Poss. Of Marijuana/Hashish	35-48-4-11	238
Poss. Of Paraphernalia	35-48-4-8.3	234
Dealing in Paraphernalia	35-48-4-8.2	00
TOTAL		485

Dealing in Sched. I, II, III	35-48-4-2	14
Dealing in Sched. IV	35-48-4-3	01
Dealing in Cocaine or Narcotic	35-48-4-1	20
Dealing in Methamphetamine	35-48-4-1 (A)	29
Poss. Of Cocaine or Narcotic	35-48-4-6	85
Poss. Of Controlled Substance	35-48-4-7	139
Violation of Legend Drug Act	35-48-4-14	09
Violation of Legend Drug Act	16-6-8-3	39
Manufacturing Methamphetamine	35-48-4-1(B)	08
Poss. 2 or more precursor w/intent	35-48-4-14.5	06
Poss. Meth w/poss. of firearm	35-48-7-6(1)(b)	02
OUI/Controlled Substance	9-11-2-1b	01
TOTAL		353

- 3. Jackson County Juvenile Detention Center administered 102 drug tests in 2013 with 65% positive, and of the positives 26.3% were for Methamphetamine, Benzodiazepines, or Opioids, a decrease of 5% from 31.3% in 2012.

<u>Drug Testing Results</u>	<u>2013</u>
Total Administered	102
Cannabis	54 (53%)
Methamphetamine	09 (8.8%)
Benzodiazepines	07 (6.8%)

Opiates 11 (10.7%)

4. Jackson Jennings Community Corrections reports 20% of 549 total cases in 2013 were drug cases, reduced from 27% in 2012.

5. 2013 Jackson County Drug Task Force grant funds led to the purchase of over 2 ounces of methamphetamine and under an ounce of Heroin and cocaine from the streets of Jackson County and investigations led to 42 arrests (32 men & 10 women), including:

Prescription medications	23
Methamphetamine	43
Cocaine	09
Heroin	09
Marijuana	17
Meth labs by Task Force	08
County-wide	+04

**End of Year 1 Update:
2014**

B. Supportive Data:

Prevention/Education:

1. Jackson County Coroner report showed an increase in overdose cases that included controlled substances:

	<u>2013</u>	<u>2014</u>
Total deaths	48	84
Controlled substance related Overdose	07	16
Percentage due to overdose	14%	19%
Overdose deaths with Cannabis use	00	03
Overdose deaths with Methamphetamine	02	06
Overdose deaths with Opioids	02	13
Age range of overdose cases	21-62	19-66
Males	04	08
Females	03	08

Age range of females in 2014 was 37 to 61, with males aged 19 to 66. Overall overdose percentage had declined from 23% in 2010 to 14% in 2013, and again increased to 19% in 2014. There was a sharp increase in deaths that included methamphetamine and opioids in 2014.

2. Adolescent Education: 8 of 23 adolescents, with their parent(s), participated in basic alcohol/drug education class as a result of use of cannabis or controlled substances.

	<u>2013</u>	<u>2014</u>
Controlled substance incident by minor	01	01
Cannabis-related incident by minor	05	07

Jackson County Juvenile Home:	<u>2013</u>	<u>2014</u>
-------------------------------	-------------	-------------

Male residents	17	15
Received alcohol/drug education	09	00
At Risk or substance abuser	06	03

The Juvenile Home boys were all assessed and included in the general prevention/education programming at the facility. The 3 identified had significant known drug abuse and were also taken to AA meetings. No PRIME for Life program was conducted in 2014 at the Juvenile Home.

3. Seymour High School randomly selected consenting students for drug testing.

	<u>2013</u>	<u>2014</u>
Enrollment	1210	1273
Consented to testing	687	680
Total tested	120	100
Controlled substances	00	01 (1%)
Cannabis	06 (5%)	02 (2%)

2014 results: 2 of 3 attended drug counseling per parent request with independent agency. Consequences: all 3 lost driving/parking privileges to and from school. Controlled substance detected was amphetamine.

Treatment/Intervention:

1. Centerstone provided services to Jackson County residents:

	<u>2013</u>	<u>2014</u>
Cannabis abuse/dependence	124	97
Opioid abuse/dependence	87	91
Amphetamine abuse/dep.	90	94
Polysubstance dependence	37	10

OUI/Controlled Substance	9-11-2-1b	01	--
	TOTAL	353	342

3. Jackson County Juvenile Detention Center administered 102 drug tests

<u>Drug Testing Results</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>
Total Administered	102	105	
Total positive	67 (65%)	63 (60%)	
Cannabis	54 (53%)	54 (51%)	
Methamphetamine	09 (8.8%)	--	
Amphetamines	--	16 (15%)	
Benzodiazepines	07 (6.8%)	01 (0.9%)	
Opiates	11 (10.7%)	11 (10%)	
Multiple drugs	--	21 (20%)	

4. Jackson Jennings Community Corrections	<u>2013</u>	<u>2014</u>
Total Cases	549	486
drug cases (27% in 2012)	20%	21.3%

5. Jackson County Drug Task Force grant funds led to the purchase of illegal drugs and investigations led to the following arrests:

	<u>2013</u>	<u>2014</u>
Annual arrests	42	192
Men	32	135
Women	10	57
Prescription medications	23	-0-
Methamphetamine	43	143
Cocaine	09	-0-
Heroin	09	06
Marijuana	17	128
Hash	-0-	01
Mushrooms	-0-	01
Meth labs by Task Force	08	05
Ounces of Meth purchased	02+	03
Grams of Heroin purchased	<01	06
County-wide	12	09

Prescription drugs dealers were not actively targeted in 2014 largely due to the offense being lowered to a Misdemeanor charge. This trend may extend to Marijuana following the IRS granting a Federal Tax Exempt "Church" status to the First Church of Cannabis, opening the claim of religious use of marijuana in the future, making it harder to enforce Marijuana laws.

**End of Year 2 Update:
2015**

Prevention/Education:

1. Jackson County Coroner report showed a decrease in total overdose cases that included controlled substances:

	<u>2013</u>	<u>2014</u>	<u>2015</u>
Total deaths	48	84	67
Controlled substance related Overdose	07	16	14
Percentage due to overdose	14%	19%	21%

Dealing in Meth	35
Possession of Narcotics	24
Dealing in Narcotics	12
Possession of Cocaine	02
Dealing in Cocaine	05
Dealing in a Controlled Substance	02
Possession of a Controlled Substance	01

**Final Update (end of Year 3):
2016**

Prevention/Education:

Treatment/Intervention:

Law Enforcement/Justice:

C. Goals:

1. Increase partnerships with local agencies by 20% to increase coordination of efforts to prevent illegal drug use.
2. Reduce the availability and abuse of controlled substances by Jackson County residents by 10% by 2016.
3. Reduce the number of Meth labs in Jackson County by 10% by 2016.

**End of Year 1 Annual Benchmarks:
2014**

1. BCCSC has approved implementation of random drug screening at the Brownstown High School as modeled after Seymour HS’s program and budgeted half the funds needed for the project, with the other half funded by our LCC’s Community Drug Fund for 2015-2016 school year. BCCSC has also committed to conducting the IPRC Survey with the entire high school student body during 2015-2016 school year. This comes as a direct result of meetings of our LCC members. Multiple free HIV/Hepatitis C tests have been conducted by IU Health Bloomington at Walgreens in Seymour, &

scheduled at Centerstone, as the number of positive cases in our region has increased dramatically in early 2015. Schneck Medical Center is looking at an opioid education program for adolescents currently being piloted in Indianapolis. Jackson Co. Health Dept. is administering a sharps disposal program, preparing a stronger “no smoking” ordinance, providing prevention presentations to groups and schools, and assisting with HIV testing in Seymour, Hep C investigations, and administering Hep A, B, C immunizations. Jamestown Apts. has been conducting quarterly neighborhood watch meetings, and enforcing zero tolerance for drug/criminal activity through immediate lease terminations.

2. Our LCC conducted a medication collection during National Night Out at Jamestown Apts. to reduce availability of unused medications in homes. Medication collections were also conducted at Bevers Family Pharmacy in September, and Family Drug in October, educating residents on location of 24-hour drop boxes around the county. Schneck Medical Center is expanding drug treatment services to inpatient IV drug users during extended hospital stays. They are also working closely with their Pain Center to target at-risk patients that have narcotics and elevated levels of mental health distress.

3. Indiana State Police report a reduction in Meth labs in Jackson County over the past 2 years, reducing from 28 labs in 2012 to 09 labs in 2014.

End of Year 2 Annual Benchmarks: 2015

1. Multiple free HIV/Hepatitis C screenings have been conducted by IU Health Bloomington at Walgreens in Seymour in coordination with Jackson County Health Department and local agencies to address the ongoing need to identify and support those affected. BCCSC implemented random drug screening at the Brownstown High School and Middle School with assistance from our LCC grant. They requested funds for the next school year to continue the random drug testing as a tool for students to resist drugs. Seymour High School continued to conduct random testing despite failing to request LCC funds this year. IPRC or ATOD testing was scheduled for 2nd semester. LCC members reached out to founders of Todd’s Place, a transitional living facility, to support its development and planned opening in Seymour. United Way of Jackson County worked with community partners to identify addiction as a top priority in Jackson County and secured Work2Gether grant funds to support IOP treatment by expanding services at Christopher & Associates. Mental Health America of Jackson County has partnered with our LCC, initiating substance abuse discussions at their board meetings, distributing substance abuse-related materials at health fairs, National Alcohol & Drug Facts Week, and in newsletters, and representing our LCC at various community organization meetings. Jackson County Drug & Alcohol Court Services are referring felons to treatment through the Recovery Works Program being implemented at Christopher & Associates, and assists with referrals that will improve client functioning utilizing Vocational Rehabilitation Services, Mental Health Counseling, and anger management.

2. Jackson County Sheriff’s Department incinerated approximately 1240 pounds of drugs collected at collection sites and the medication collection event at Family Drug in October of 2015. This is a result of ongoing efforts to encourage the public to Mind

Your Meds and dispose of unused medications. Local physicians have referred a large portion of patients with chronic pain medication needs to several local pain management specialists, reducing dosages, and providing increased monitoring of pain medication administration. Schneck Medical Center & their Pain Center have been very aggressive in recognizing patients on benzodiazepines and limiting the amount prescribed and helping them find alternatives to reduce anxiety. Schneck has been instrumental in establishing our Drug Court and is now a treatment provider with Jackson County Drug Court.

3. Indiana State Police report a reduction in Meth labs in Jackson County over the past 2 years, reducing from 28 labs in 2012 to 09 labs in both 2014 & 2015. Seymour PD reported 2 cases of manufacturing meth in 2015.

**Final Report (end of Year 3) Annual Benchmarks:
2016**

- 1.
- 2.
- 3.

D. Objectives:

Prevention/Education:

1. Support community agencies and initiatives that address the use of marijuana and illicit drug abuse through the utilization of evidence-based programs and materials.
2. Support and expand existing prevention programs.
3. Promote public awareness.

Treatment/Intervention

1. Encourage innovative treatment options.
2. Support community efforts in treatment/intervention programming.
3. Support random drug testing for schools and other agencies.

Law Enforcement/Justice:

1. Support law enforcement activities and educational programming to discourage drug abuse.
2. Support special operations to target drug dealers and trafficking.
3. Encourage expansion of judicial system to initiate Drug Court in Jackson County.

**End of Year 1 Update:
2014**

Prevention/Education:

Our LCC continues to support Girls, Inc. to provide Friendly PEERsuasion to all 8th grade students in Jackson County to build resistance skills against use of ATOD. They also meet with and mentor teens on a daily basis including ATOD issues. Funding was also used to support Turning Point Domestic Violence’s staff training through NADDI as they continue to expand services to address substance abuse among domestic violence cases. They have

expanded services in schools to provide Safe Dates to address alcohol & drug abuse through support groups. Funding also supported the continuation of the random drug testing at Seymour High School, who expanded their prevention/education efforts by adding National Drug Facts Week events and bringing partner agencies of our LCC to the school during basketball season finals. Seymour schools continue to celebrate Red Ribbon Week promoting awareness of alcohol/drug abuse prevention, including ATOD in all health classes, conducting accident reenactments, and safe Spring Break and Prom events.

Treatment/Intervention

Funds from the Community Drug Fund supported a pilot program in the Juvenile Detention Center to provide Alternatives For Youth Program two days per week by a licensed clinical addiction counselor. Centerstone of Indiana continues to expand treatment services using evidence-based programming by adding a new addiction therapist, improving communications with referral agencies utilizing meetings every 6 weeks, and working on expansion of the chemical dependency program to include a women's program or group. Schneck Medical Center continues to expand services to address patient needs as well as developed a drug diversion taskforce at the hospital to be proactive regarding drug diversion with the professional community, expanding mental health and wellness programs with drug addiction counselors, implementing SBIRT in the Emergency Dept. and promoting SBIRT for implementation in the primary care offices, promotion/education of nasal naloxone for overdose victims, and hosting quarterly Call to Action community meetings.

Treatment/Intervention

Jackson County Alcohol & Drug Court Services continues to receive funding to support evening FLEX and Prime for Life programs for alcohol/drug probationers. They assess all substance related referrals from court convictions and make referrals to education and treatment services. Jackson Jennings Community Corrections received funding to purchase additional Alco-Sensor FST units to test clients for compliance with abstinence rules. Our LCC continues to provide funds for narcotic drug investigations through Community Drug Funds to intervene on the drug traffic in our community. Both Seymour City and County Sheriff Depts. have committed to carrying Narcan spray kits in the police cars which will be purchased and sponsored by Schneck Medical Center to begin July 1, 2015. Seymour Police provide drunk goggles to After Prom committees for use with students on tricycle driving courses, and participated in several Operation Pull Over Blitzes looking for impaired/aggressive drivers. They have one full-time detective assigned to work drugs. Seymour and Brownstown Police Depts. provide D.A.R.E. programming to 5th grade students, including public events for participants and families. Indiana State Police Officers participate in our LCC meetings, advocate use of Narcan, and promote substance abuse education at State Fair.

End of Year 2 Update Objectives: 2015

Prevention/Education:

Our LCC continues to support Girls, Inc. to provide Friendly PEERsuasion to all 8th grade students in Jackson County to build resistance skills against use of ATOD. This program

is delivered during health class for 10 sessions with assistance from multiple funding resources. Turning Point Domestic Violence's staff continues to provide services in the high schools, including Teens for Change and Safe Dates sessions with financial support from our LCC for materials in English and Spanish. Prevention efforts were expanded from Seymour High School to Brownstown Middle School and High School for random drug testing with financial support from our LCC. Multiple campaigns throughout the year provided opportunities to educate the public including National Night Out at Jamestown Apartments annual event, International Overdose Awareness Day ceremony (our 1st annual event), displays at Seymour Public Library for Prescription Drug Abuse Prevention, National Recovery Month, Mind Your Meds week, Red Ribbon Campaign week, National Drug & Alcohol Facts Week event and display, and fundraiser at Chili's Restaurant. Our LCC also distributed educational materials at D.A.R.E. Soapbox Derby and Schneck Medical Center's Live Well Expo, and participated in Call to Action forums. Jamestown Apartments continues to hold quarterly Neighborhood Watch meetings to identify potential drug problems. Local police departments provide D.A.R.E. programs to Elementary and High School students, and drug awareness & identification in-service trainings to teachers and staff.

Treatment/Intervention:

New IOP programming was initiated by Christopher & Associates, a long-time mental health provider in Jackson County, to provide addiction service alternatives in our county with start-up funding from our LCC for materials. United Way's Work2Gether grant will cover up to 70% of treatment fees in 2016 for Christopher & Associate's IOP. Our LCC continued support for treatment of financially disadvantaged clients at Centerstone, and continued to support Polarity Counseling's intervention programming in Juvenile Detention Center through grant funding. Todd's Place developed a board of directors, secured non-profit status, and renovated an abandoned nursing home to begin housing male addicts transitioning from jail back into the community with the grand opening in May, 2016. Mental Health America of Jackson County has partnered with our LCC, initiating substance abuse discussions at their board meetings, distributing substance abuse-related materials at health fairs, National Alcohol & Drug Facts Week, and in newsletters, and representing our LCC at various community organization meetings. Jackson County Drug & Alcohol Court Services are referring felons to treatment through the Recovery Works Program being implemented at Christopher & Associates, and assists with referrals that will improve client functioning utilizing Vocational Rehabilitation Services, Mental Health Counseling, and anger management.

Law Enforcement/Justice:

Continued efforts to monitor public events where alcohol is available to minors such as the county fair and Tampico Tractor Pulls. This year the Tampico event was rained out, so no violations occurred. DUI Flex Module funding was provided to assist with expense of classes to educate misdemeanor offenders referred by Jackson County Alcohol and Drug Court Services. Jackson County Drug Task Force was supported by our LCC to continue narcotic investigations of dealers and trafficking. Jackson County Drug Court

has been established in a collaborative effort by multiple community partners to provide more intense monitoring and support for drug abuse offenders. Local police departments provide D.A.R.E. programs to Elementary and High School students, and drug awareness & identification in-service trainings to teachers and staff.

Final Update (end of Year 3) Objectives: 2016

Prevention/Education:

Treatment/Intervention:

Law Enforcement/Justice:

Problem Statement #3: Pregnant women and babies are being adversely affected by Heroin and Meth use.

B. Supportive Data:

Prevention/Education:

- Schneck Medical Center initiated Call to Action meetings to initiate prevention and education programs for addicted mothers. High risks for infant mortality:

**Final Update (end of Year 3):
2016**

Prevention/Education:

Treatment/Intervention:

Law Enforcement/Justice:

C. Goals:

1. Reduce drug-induced overdose deaths by 5% by 2016.
2. Decrease the prevalence of drug abuse among expectant mothers prior to childbirth by 10% by 2016.
3. Establish groundwork for implementation of Drug Court by 2016.

**End of Year 1 Annual Benchmarks:
2014**

1. Schneck Medical Center (SMC) has conducted quarterly Call to Action meetings of key community leaders to evaluate and implement interventions on drug abuse. A presentation on Narcan resulted in coordination of efforts to gain support of local police departments to use it with training and purchase of kits by SMC to reduce drug-induced overdose deaths. Projected implementation date is 7/1/15.
2. SMC has established testing guidelines for the pregnant woman at first encounter and throughout pregnancy for substance abuse, HIV and HCV. SMC conducts quarterly infant mortality meetings to discuss and act on top causes of infant death in the first year of life. United Way of Jackson County continues to focus efforts on drug abuse affecting women and infants, working toward development of a Nurse Family Partnership. Centerstone has provided IOP treatment for pregnant addicted women.
3. Circuit Court Judge Poynter continues to report that his team is working on bridging gaps with officials to implement a drug court in Jackson County by July of 2016.

**End of Year 2 Annual Benchmarks:
2015**

1. Schneck Medical Center (SMC) purchased Narcan nasal sprays and provided training of police/sheriff deputies on use of Narcan to intervene on drug overdoses. It has been utilized by Seymour PD multiple times and SMC provides replacement sprays. SMC is working on a protocol with patients administered Narcan.
2. SMC has spearheaded programming and testing at the hospital for pregnant women to intervene on drug abuse and reduce infant drug addiction complications. There has been an increased awareness community-wide and within the hospital according to SMC's Addiction Counselor.
3. Drug Court received temporary certification the end of February, 2016 and has accepted their first participant. For the first year this program will accept a maximum of 15 individuals, with an expectation of it growing beyond the first year.

**Final Report (end of Year 3) Annual Benchmarks:
2016****D. Objectives:****Prevention/Education:**

1. Support community agencies and initiatives that address illicit drug abuse during pregnancy through the utilization of evidence-based programs and materials.
2. Support and expand existing prevention programs.
3. Promote public awareness.

Treatment/Intervention

1. Encourage innovative treatment options.
2. Support community efforts in treatment/intervention programming.
3. Encourage coordination of efforts among local agencies.

Law Enforcement/Justice:

1. Support law enforcement activities and educational programming to discourage drug abuse.
2. Support special operations to target drug dealers and trafficking.
3. Support judicial efforts to require treatment for drug-related convictions.

**End of Year 1 Update Objectives:
2014****Prevention/Education:**

Schneck Medical Center has established testing guidelines for the pregnant woman at first encounter and throughout pregnancy for substance abuse, HIV, and HCV. They also conduct quarterly infant mortality meetings to discuss and act on top causes of infant death in the first year of life. Local pharmacies and health department have conducted free HIV and Hepatitis C testing services as the number of cases tied to a recent spike in southern Indiana continues to grow, primarily linked to drug abuse.

Treatment/Intervention:

Schneck Medical Center has developed and now stocks antivirals for treatment of HIV for women and infants. They now have a full-time licensed clinical addiction counselor dedicated to treatment of addicted mothers, developing substance abuse services to pregnant mothers to reduce NAS from prenatal to post-partum. They are expanding drug treatment services to inpatient IV drug users during extended hospital stays.

Law Enforcement/Justice:

Jackson County Sheriff's Dept. provided educational material at their county fair booth to educate and discourage drug abuse. Juvenile Detention Center continues to provide education and treatment to incarcerated youth for alcohol/drug abuse, and educate them on risks to their own children as many of them are already parents. Jackson County Drug Task Force has an officer dedicated to full-time drug operations detail to monitor and intervene on drug trafficking. Circuit Court Judge is working diligently to implement a drug court for Jackson County.

**End of Year 2 Update Objectives:
2015****Prevention/Education:**

United Way of Jackson County investigated an evidence-based program that would support pregnant mothers and their child until age 2, but the sustainability and on-going cost of the program were 2 reasons United Way looked to other ways to provide support to individuals and families.

Treatment/Intervention:

SMC developed an evidence-based treatment protocol for addiction patients at the hospital. Pregnant women who are abusing drugs or have a history of drug abuse are being engaged earlier in prenatal care and being held accountable during their pregnancy. No rise in pregnancies involving addictions were noted this year.

Law Enforcement/Justice:

Jackson County Drug & Alcohol Court Services evaluates all clients referred through the court system and makes referrals to educational programs, inpatient & outpatient treatment, and self-help support groups, as well as Vocational Rehabilitation, Anger Management, and Mental Health counseling services.

**Final Update (end of Year 3) Objectives:
2016**

Prevention/Education:

TOTAL(S)	100%	\$33,398.88	100%	\$33,398.88

(4) **Describe the grant process and requirements for the grantees:**
 The JCDFC serves as an advisory board to the County Commissioners and County Council recommending worthy projects and programs for funding through the local Community Drug Fund. This fund is established through assessed fees from alcohol/drug convictions in Jackson County, as mandated by state law. The grants are available to various organizations, schools, law enforcement, treatment

facilities and community projects or programs. Applicants must address the issues of alcohol/drug education and prevention, treatment or justice, seeking to reduce substance abuse problems in our county. The grants are advertised in early spring, with applications due at the April meeting of the Drug-Free Council each year. The grant process is overseen by the Executive Committee, and a local grant oversight committee is comprised of three active members who secure up to five members not seeking grants to review grant applications and make recommendations. Applications are reviewed, and each applicant may appear before the committee for an interview for a brief question and answer session if needed. The Drug-Free Council requires written semi-annual reports from each grantee after funding is disbursed as well as an annual presentation in person to JCDFC. Each grantee is required to attend council meetings, and be actively involved with the workings of the Council.

(5) Provide administrative expenses (be specific):

EXPENSE	COST
<i>Coalition Director salary</i>	\$9,000.00
<i>Consumable office supplies, educational materials for events/display</i>	\$ 300.00
<i>Post Office box fee, Annual Business Entity Filing Fees, other fees</i>	\$ 100.00
TOTAL(S)	\$ 9,400.00

(6) Provide summary explanation of amount of any unused dollars from previous years:

n/a

(7) Additional Comments: Supplemental resources for administrative fees were exhausted during 2014 and no additional resources are available in 2016. Fundraiser events will be conducted to attempt to make up shortfall. Coalition Director is required to provide her own office space, utilities, and cell phone.
